منظمة شباب الغد

WHO WE ARE

Tomorrow's Youth Organization (TYO) supports refugees and marginalized communities toward building resilience and well-being amidst conflict through our Education, Livelihood, Women's Empowerment, and Mental Health programs. Our programs are need-based, multigenerational, holistic, evidence based, and trauma-informed. TYO is locally led and internationally informed, with a team of local staff and international experts collaborating to provide contextualized services for the most vulnerable communities. We respond to the emotional, psychological and physical needs of the most vulnerable children, youth, and holistically, their families.

OUR CONTEXT

TYO serves the most disadvantaged areas in Nablus: the neighborhoods of Khamat al Amoud and the Old City, as well as the city's four refugee camps—Al Ein, Balata, Old Asker, and New Asker. The students, teachers, and communities in these areas are deeply affected by Israeli settlements, military bases, and military checkpoints that surround the city of Nablus. Facing ongoing violence and trauma, Palestinian communities suffer from overwhelming high rates of mental illness.

Despite the need, mental health services are among the most under-resourced and stigmatized areas of healthcare. To bridge this gap,

our center serves as a safe haven and healing space for traumatized communities. We address the collective and intergenerational impacts of trauma by integrating mental health and psychoeducation into each of our programs to serve children, parents, and communities at large.

PARTNER WITH TYO

The expansion of our critical services to more Palestinian communities is needed now more than ever. During these unprecedented times, Palestine's children and refugees are experiencing increased vulnerability and acute levels of stress. We plan to launch new centers to meet the increasing demand for our programs and support a greater number of marginalized communities in and around key cities. With TYO's years of experience, effective programming, speed and adaptability of service delivery, and connection with communities on the ground, we can create a better tomorrow for Palestinians together.

OUR PROGRAMS

TYO's **Education Program** helps children and youth build the cognitive, and socioemotional skills that empower them to thrive in local and global knowledge societies. TYO is committed to:

- ✔ Helping children ages 2-5 build a strong foundation in the first years of their lives through its holistic early childhood program.
- ✔ Supporting the most disadvantaged children in grades 1-6 with their academic and socioemotional growth.
- ✔ Assisting youth in grades 11-12 with exam preparation so that they can succeed in high school, university, and beyond.
- ✔ Offering high-potential students from disadvantaged backgrounds scholarships for their Bachelors and Masters degrees so that they can achieve their dreams.

TYO's **Livelihood Program** equips marginalized youth and communities with the individual, social, and professional skills and resources needed to succeed in the 21st century workforce and contribute to economic development in Palestine and beyond. TYO is committed to:

- ✔ Helping youth aged 20-35 gain leadership skills and professional experiences in the mental health and education fields through our Youth Employment Program.
- ✔ Offering youth and young adults aged 20-35 intensive training to develop and actualize their small business ideas successfully through our Youth Entrepreneurship Program.
- ✔ Providing seed-funding for the most promising start-ups so that young Palestinian entrepreneurs can generate much-needed income.

TYO's **Women's Empowerment Program** breaks down the barriers for Palestinian women and girls, and supports them in becoming active agents in shaping and realizing their full potential. Through our programs, they see improvements to their safety, health, education, economic well being, and their ability to influence the decisions that affect their lives. TYO is committed to:

- ✔ Supporting the wellbeing and empowerment of women through mental and physical health, financial literacy, and women's rights workshops.
- ✔ Encouraging positive parenting and knowledge of child development so that children can flourish.

"I have long searched for a transformational space for me and my children. At TYO, we are engaged in activities and are acquiring new skills under one roof."

Fatima, Women's Empowerment Program Beneficiary

"I love math, and I love to learn English from international interns. They are so kind and I feel special when they teach me."

Ghazal, Education Programs Beneficiary

"TYO's Entrepreneurship Program has allowed me to build professional connections in the tourism industry, as well as in other relevant fields such as graphic design and advertising."

Raghad, Entrepreneurship Program Beneficiary

"You changed our lives. You have given us what no one else could give. You helped me know how to care for my children and understand myself."

Afnan, Mental Health Program Beneficiary

TYO's **Mental Health Program** helps trauma-affected individuals and families build their resilience, recognize and manage emotions, and build healthy relationships that will enhance individual and community well-being. TYO is committed to:

- ✔ Rehabilitating the most vulnerable families through home visits and psychosocial interventions.
- ✔ Offering referrals so that families can access insurance, employment, and intensive healthcare.
- ✔ Providing program participants and their families with evidence-based mental health counseling.
